

LOPPING SHEARS

FALKET

HT-FAL6099

The Italian made Fallett 6099 by-pass lopper is perfect for horticultural or viticultural work. It's unique pointed blade/anvil set-up provides deeper penetration into heavy canopies.

VESCO

HT-VESV60/50

The Italian made Vesco V60/50 is an all new design compound by pass lopper. The additional points of leverage reduce the effort required to cut larger branches. Especially well suited to vineyard use.

BARNEL

HT-OR26A & OR32A

The Barnel OR Series loppers are perfect for use in the landscape & horticultural industries due to their heavy-duty blades, robust construction and 50mm cutting capacity.

BARNEL

HT-B26A & B32A

The B Series loppers from Barnel are well suited for use in the forestry & horticultural industries due to their heavy-duty blades, robust construction and 60mm cutting capacity.

FALKET

HT-FAL8011/A

A straight blade compound lopper with a specialised stabilising anvil, ensuring any sideways twisting is eliminated, giving you smooth, clean cuts every time.

FALKET

HT-FAL6066/A & FAL8066/A

A curved blade compound lopper with a specialised stabilising anvil, ensuring any sideways twisting is eliminated, giving you smooth, clean cuts every time.

TELESCOPIC PRUNING

BARNEL HT-B88T

The Barnel professional ultra reach precision pruner B88T is a 1.8m to 2.4m telescopic branch pruner with a 40mm cutting capacity. Perfect for pruning at height.

BARNEL HT-Z555PR

Aluminium Pole Adaptor to fit the Barnel B555, Z-Head & B177Z fruit picker heads to the Z555 series telescopic extension poles.

BARNEL HT-Z655PR

Aluminium Pole Adaptor to fit the Barnel B555, Z-Head & B177Z fruit picker heads to the Z655 series fiberglass extension poles.

BARNEL HT-ZHEAD

Using the Z555PR pole adaptor, the Z-Head can adapt to a variety of Barnel saw blades and allows positioning of the blade at 3 positions. Used with Barnel saw blades: Z13/Z14/Z17.

BARNEL HT-B555

Barnel rope pull pruner cuts up to 40mm and attaches to Barnel extension poles via the use of the Barnel Z555PR pole adaptor.

BARNEL HT-Z555+S

Features a 5.5mm tooth pitch on a curved 'raker' style blade. The Barnel Z555+S has a sturdy bark stripper and also comes with own ABS, hard plastic sheath.

BARNEL HT-Z550+S

Features a 4.5mm tooth pitch on a curved blade. The Z550+S has a sturdy bark stripper and also comes with own ABS, hard plastic sheath - a fine tooth pitch makes it better suited for palm pruning.

BARNEL HT-Z555P/P2/PFM/PMM

The 1.88m-4.60m Barnel Z555P & The 2.28m-5.84m Barnel Z555P2, 3-stage telescopic extension poles can be used in conjunction with the B555 pole pruner with Z555PR pole adaptor, Z177Z fruit picker with Z555PR pole adaptor, Z555+S & Z550+S Tiger Tooth pole saws and the Z-Head saw blade mount to adapt Barnel hand saw blades to poles: Z13-1, Z14-1 & Z17-1. Also available are the Z655PFM & Z655PMM interconnecting, fixed length, fiberglass poles.
